

Pillow
Menu

Neck Pillow

A specially designed pillow that supports your neck and head in its natural position, giving you the good night's sleep you have always dreamed of.

Hard Pillow

Made to keep your head level during sleep through its fiber stuffing. This in turn may help prevent sinking and potentially avert aches and pains.

Capitone Pillow

A soft pillow filled with one piece of firm, soothing and multi-layered fiber with it's breathable holes, it ensures no heat retention for a cooler sleep.

Microfiber Pillow

Designed for those who like the plush feeling, the Microfiber pillow is an exceptionally strong and ultra-fine pillow. An alternative for those who prefer a synthetic pillow.

Goose Feather Pillow

A soft piece of cloth filled with goose feathers that undergo an intensive process where they are washed and rinsed for a total of 8 times to remove all allergens, giving you the fluffy and plush feel.

Fiber Like-Feather Pillow

A scrunchable, luxurious pillow stuffed with feather alternative to imitate the feel of a down pillow by using cotton or polyester fibers. It's soft support cushions the neck at a natural, restful angle.

Pillow Talk

Whether you have been working hard or getting a little too much sun, a good night's sleep starts with your bed companion, your pillow.

That's why we are glad to offer you a wide array of pillows, specifically made to give you the comfort you desire.

Sweet Dreams!
